- Are you ready for the energies of change and what they are bringing to us?
- Messages are offered in a group setting for those gathered and the online participants.
- Your questions are answered.
- Guidance and light for your journey are offered!

Investment: \$ 33 (includes the recording)

Conversation with The Other Side, Sunday, November 1, 7:00 pm, Annapolis and Online

- What if you could ask your angels or your spirit guides for answers?
- What questions would you ask?
- What if you could go back in history for guidance?
- What if you could go forward in time to seek answers or to see what effects your life now might have then?
- What would you ask a loved one who has crossed over, if you could?

The answers to all of these questions are available! The veil between this world we consider “normal” and The Other Side – yes, that other side of the veil – is like gossamer silk to some people. Rosemary is one!

Investment: \$ 55 (includes the recording)
